Building Projects Can Be Costly

Matthew 28:19-20; Isaiah 40:27-31

INTRODUCTION: There is business axiom that says, “If things don’t change they remain the same. “ Let me clarify, if we sit still, don’t grow, don’t change (not just for the sake of change but for the maturity and growth) You will become Stagnant. Even if you copy someone that has good stuff, you still stink if you didn’t use your skills, abilities, experiences, talents and gifts.

I have a good friend that is now home with the Lord. He had written some books and spent the last years of his life involved in building up God’s Leaders and Potential leaders. He was invited to meet as a consultant with this very well-known pastor in the US and His Staff. His church was large and really doing some great things. BUTTTTTT something was missing. In this meeting he told his staff that they had drafted some of the most talented equipped, trained and competent staff that might had never been gathered before. He went on in words that explained that though they were large and had many resources that when he took an evaluation of himself, his staff and his church that pretty much they were not teaching, shaping, equipping, and releasing hardly anyone themselves. In my words they were just buying and drafting life wall street and the Professional Athletic teams Drafts.

See God commissioned each one of us, with our unique skills, abilities, experiences, gifts and bents that he has infused us with driven with the relationships we have with God the Father and His Son Jesus the Christ. Use them to Reach people who don’t know Jesus, Build them up with Knowledge, faith, goodness self-control perseverance and godliness, kindness, love. And then to equip them for life and service and assisting them to go and be.

BUT BUILDING CAN BE COSTLY
